Last game will be called before 1:00 a.m. All guests holding tickets will need to cash them in as soon as the last game has been called; unless they have tickets written for more than one game and not all games have been played.

Game names listed above are servicemarks of EHPV Lottery Services LLC and those servicemarks, and all other proprietary names and marks in this book are used, under license, by Endgame Lottery Services LLC.

Welcome to Big Red Keno. We want your time with us to be an enjoyable experience. Big Red Keno is dedicated to creating the most innovative games in the country. If there is anything we can do to make Big Red Keno better, please let us know.

If you are a new player and find things like "Way tickets" confusing, don't be too shy to ask for an explanation. If you are an old hand and don't find your favorite ticket in our pay book, just ask. We accept most bets.

Have fun! Make friends! But don't bet more than you can afford to lose. Good luck!

how to play **Keno**...

Pick 1 to 15 numbers. Write the number of games you wish to play and the amount you wish to wager per game on your bet slip. Tickets may be purchased in increments of the minimum wager per game up to a maximum of \$100.00.

Give your bet slip to any of our friendly keno writers. In return, you will receive a computer generated ticket showing the wager you made. Please check your ticket before leaving the window.

Twenty out of eighty numbers are selected each game. The amount you win depends on the type of wager made and how many of the numbers that you picked were selected.

If you can't decide which numbers to pick, just ask the keno writer to use the Quick Pick option and our computer will pick the numbers for you.

FEDERAL INCOME TAX (IRS)

IRS requires a W-2G Form to be filed on all net keno winnings of \$1,500 or more. For winnings of \$1,500 or more, 10% is the maximum that can be paid out in cash. The rest will be paid by check. You will be required to present two forms of identification. At least one form of identification must have your social security number (such as a driver's license and social security card). Nonresident aliens are subject to a 30% tax to be deducted from the gross keno winnings before payment. The IRS considers a ticket written for more than one game, to be one ticket. The total amount you have bet on the ticket is deducted from the total amount you have won to determine whether your winnings are over \$1,500.

"Keno To Go" (Advance Game)

You may play up to 999 consecutive keno games with just one ticket.

MARK ONE BET SLIP AND SELECT THE NUMBER OF GAMES YOU WISH TO PLAY FROM 2 TO 999.

Purchase your ticket from any keno writer - then sit back and enjoy. Present your computer generated ticket immediately after the last game has been called on your ticket and Big Red will calculate how much you have won for the entire ticket! Tickets played for 21 or more games can be claimed for up to one year after the last game is called.

* PRICE RATES

Every game offered is assigned a different price rate. When playing any game, the computer generated ticket issued should state the game played and the price rate in the appropriate spaces on the computer ticket issued to you. All tickets will be paid at the regular \$1.00 rate (Price Rate A), unless otherwise marked. Be sure to check your ticket before leaving the window and good luck!

PRICE RATES

Play is subject to Rules Printed on Reverse.

Way Tickets

Way tickets are a method of placing several different wagers on a single keno ticket. To play a Way ticket, simply circle the groups of numbers for the combinations you would like to play, or mark with the appropriate letters, on your bet slip.

Way tickets may be played for the following minimum rates.

- 3 thru 20 ways \$.50 per way
- 21 thru 99 ways \$.25 per way
- 100 or more ways \$.10 per way

Below are a few examples of how to play Way tickets:

2-PICK 3's & A PICK 6

Combinations Played:

- 2 groups of 3 numbers
 - 1 group of 6 numbers
- (3 ways total)

DEALERS SPECIAL

Combinations Played:

- 4 groups of 3 numbers

MAKING HOOPER

BETTER

9 1/4 ¢ of every dollar spent playing keno goes to fund community betterment projects in Hooper!

Thank you for your support.

WAYS TO TICKETS

RULES OF PLAY

By playing the game you accept all rules of play

Rules of play include the rules printed on the computer generated paper ticket, rules printed with paytables and other printed rules published by the keno operator. Rules are not subject to oral modification. Games are subject to federal, state and local laws and regulations. You agree to accept your computer generated paper ticket as issued, even if issued in error. There is no liability for prizes which could have been won if your ticket had been issued differently. If requested, writers may attempt to correct errors before you leave the keno station, but are under no obligation to do so. You may request a refund of wagers made at any time before the games to which those wagers relate are closed. Your computer generated paper ticket is evidence of your wager and must be presented and surrendered in order to collect any prize. The keno operator may pay the bearer of the computer generated paper ticket and has no liability for lost or stolen tickets. If for any reason you do not receive a computer generated paper ticket, you do not have a valid wager. In that event you are entitled to a return of your purchase price and nothing else. If there is a dispute regarding the information shown on your computer generated paper ticket, internal computer records govern. The wagering slips provided for your convenience are not evidence of your wager, and are of no legal effect.

Separate individual games are conducted at each location where keno is played, and are intended to be played exclusively by patrons of that location. If your ticket is played for fewer than 21 games, you must be present in the gaming area from the time your ticket is issued through the last game played. You must claim, where your ticket was purchased, any prize won immediately after the last game played and before the next game is called, except that prizes on tickets played for 21 or more games must be claimed within 1 year after the last game played. Results of each game may be based on number selection at a separate location. Prizes of \$500 or more may be payable in vouchers redeemable and subject to verification at a separate location. All games using the same number selection have a common prize pool. The aggregate maximum payable in all games using the same number selection is limited to \$50,000. If necessary, prizes will be prorated among all tickets winning prizes of \$5,000 or more. The maximum amount payable on any single ticket is \$50,000. Progressive jackpots will be prorated among all winning progressive players. Large prize payments are subject to verification which may take several days. Names of winners may become public information. By playing the game you consent to the use of your name and likeness for advertising purposes. You agree to fill out such tax and other forms as required in the event you are a winner.

Your computer generated paper ticket is void, regardless of whether you are aware of the circumstances, if (1) it relates to any wager not paid for, (2) the rules of play or federal, state or local rules have been violated in the issuance of the ticket, the conduct of the game or otherwise, (3) the ticket or any equipment or software related to the game has been tampered with, has malfunctioned, or is defective, (4) anyone has attempted to influence the outcome of the game to which the ticket relates, (5) the ticket has been purchased, directly or indirectly, by a person under 19 years of age or any person prohibited from playing the game, or (6) no computer generated paper ticket was printed, regardless of the reason. Void tickets give no claim to prize payment. The keno operator's payment or compensation of the holder of any void or nonwinning ticket, or any other player, shall not effect the keno operator's right to dishonor other void or nonwinning tickets or any other invalid claim. The keno operator's liability on a void ticket is limited to the amount wagered. Maximum wager on any ticket is \$100 per game. The keno operator and the locations in which it operates reserve the right to refuse to accept wagers from anyone. The keno operator has sole responsibility of payment of prizes.
